## Directions

**By car:** On A14 motorway take exit marked "Leipzig-Ost" and head for Stadtzentrum (City Centre). You will then see the UFZ on your right side (see map above).

**By plane:** From Leipzig/Halle Airport, take the train (regional express) to the Leipzig Central Station (3,20 Euros one-way). From the Central Station, take the tram and follow the directions below.

**By rail:** Reach Leipzig Central Station. In front of it, you will find the tram terminal. There are three platforms: two single platforms and a middle, double platform. From the middle platform, take Tram No. 3 (heading for "Sommerfeld") or No. 13 (heading for "Taucha"). Your stop is "Torgauer/Permoserstraße". Once you get off, you will find yourself at the intersection Torgauer Strasse, Permoserstrasse. The intersection is a rather large one and you will have to reach the opposite corner from where you get off the tram. Cross therefore both streets and take the Permoserstraße (the one street without tram rails). After about 500 metres you will find the main entrance of the UFZ and with it the Kubus. Enter the Kubus.

**By taxi:** A taxi from Leipzig Central Station to the UFZ will cost about EURO 10. The fare from Leipzig-Halle Airport is about EURO 30.
